Writing Prompt

Who is Virginia Thompson?

Passionate, People-Centered, Positive

When fellow church members were asked to describe Sister Virginia Thompson, three powerful p-words came to the forefront—Passionate, People-Centered, Positive. Ms. Thompson loved the Lord her God with all her heart and was committed to loving her neighbor as herself. She was a faithful and dedicated servant of God that no matter what she did to be involved in the church; she served with positivity and passion. Ms. Thompson used her calling of serving God’s people by stepping into leadership roles in the church. She was a pillar of the church by serving as President of the Usher Board, President of the Christian in Action Ministry (where scholarship ministry was birthed from), Member of the Choir, Sunday school teacher and many other roles. Ms. Thompson's main objective was to invest in the people of the church either through helping them develop leadership skills or through accessing their educational aspirations. She wanted to see the youth succeed in obtaining their post-secondary aspirations. She saw the potential within people and assisted them in fostering the skills to become better versions of themselves. Ms. Thompson believed that students were more than just the numbers defined in grades or test scores. She challenged the ministry to look at the whole person and see the greatness within our youth.

After reading this brief description on the legacy and impact that Sister Virginia Thompson made at Watson Grove answer the following question:

Reflecting on the impact and reach of Sister Virginia Thompson, how do you foresee continuing the legacy of this woman of God if awarded this scholarship?

I certify that the information given in this application is correct and complete to the best of my knowledge.
